

## **PICK UP POLICY FOR VBS 2019**

VBS 2019 we will introduce a more proactive pick up policy. In order to create as safe of an environment as possible we will be implementing a more orderly way to dismiss the kids at the end of each VBS night. Please bear with us as we develop this process. As of now here is what you need to know.

1. Each Child will be allowed a maximum of three names eligible to pick up your child including one or both parents. Dad and mom count as two of those slots so be sure to include mom and dad's names. It will not be assumed.
2. Only names listed for pick up will be allowed for pick up—a maximum of three people can be designated for pick up.
3. Person picking up must have name tag visible while picking up child(ren)—one tag per child—which means the person picking up must have the name tag assigned to the person picking up for each child.
4. If person picking up a child(ren) does not have the proper name badge(s) with the child's ID numbers the parent will have to be called and the name tag must be retrieved.
5. Name tags with ID numbers and for the child will be issued each evening and turned in at the end of each evening. This is to avoid loss of name ID tags for those picking up children.
6. Upon arriving each night please check in at the assigned tables.
7. When picking up the child. Please follow the signs in the sanctuary for pick up.

Thank you for Your patience as we develop this process. This is new for us so we may make some improvements as necessary. Our goal is a quick dismissal and a safe environment for all children who attend our VBS program. God bless you and your family.
